## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- **Hours of operations:** Mondays to Fridays from 0800 hours to 1700 hours.

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

- Nothing significant to report.

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 05/25/22 at 1630 hours:**

- 8,853,498 total confirmed cases.
  - 95,627 Delta
- 90,488 total deaths.
  - 269 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- Critical fire weather conditions are expected to occur the beginning of this week due to a combination of strong gusty winds and low relative humidity.
  - The Fire Weather Watches have been upgraded to Red Flag Warnings from 1100 hours this morning to 2000 hours Tuesday for the northern portions of San Joaquin Valley.

## SOUTHERN CALIFORNIA

- No significant weather of concern.

<b>Risk Levels</b>	Little to None		Minor	Moderate	Major		Extreme

# Weather Key Points

Regional Operations Center

Western Region

Monday, May 30

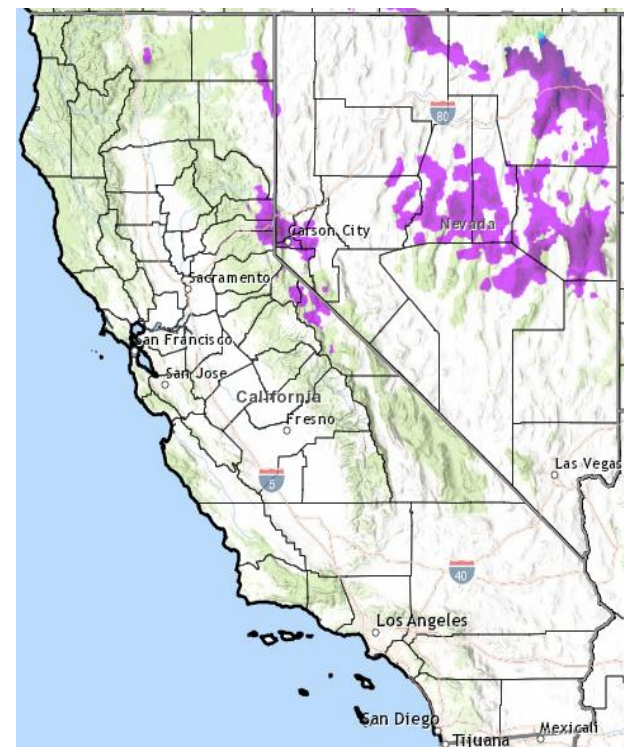

- Seasonal temperatures with only minor heat risk concerns are expected through much of the week
  - Hotter temperatures and moderate heat risk across the Central Valley on Wednesday and across the southern valley and deserts on Thursday.
- Areas of gusty winds are expected for many locations across the state this week
  - The strongest winds, with gusts of 40-50 mph, are expected through Monday morning across the southern California mountains and Mojave Desert Slopes, with localized wind damage and power outages possible
  - More limited periods of gusty winds are also expected for the Sacramento Valley and coastal ranges through Tuesday
  - In combination with warm temperatures and ongoing dry conditions, these winds will lead to periods of elevated fire weather conditions for inland locations, especially the west side of the Sacramento Valley
- Mainly dry weather is forecast for the majority of the state through mid week, with showers and a chance of thunderstorms returning to northern California on Friday and continuing into the weekend.

# Precipitation Forecast

Regional Operations Center

Western Region

Monday, May 30

**Monday**

**Tuesday**

**Wednesday**

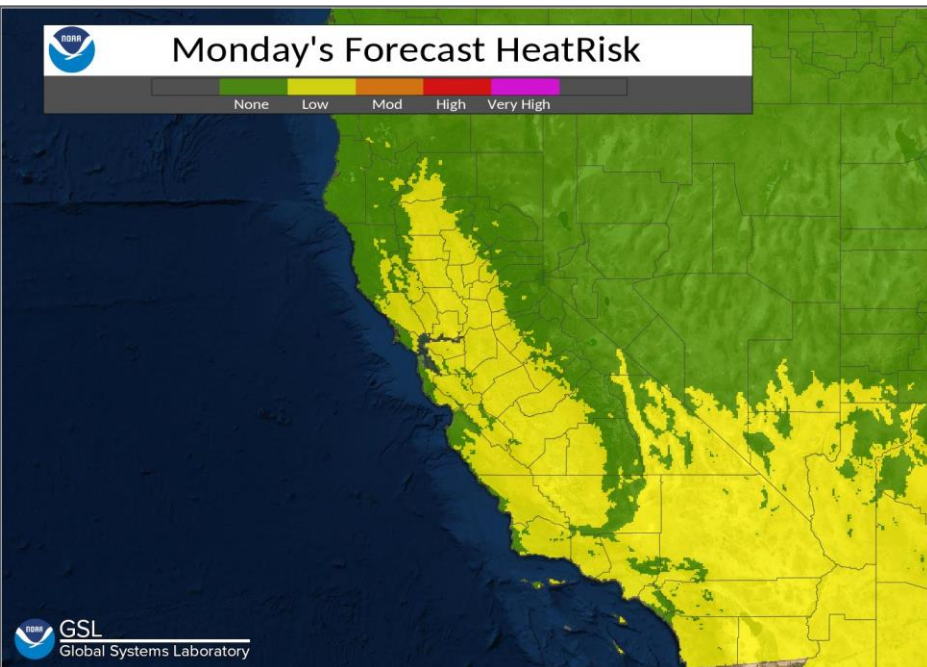

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

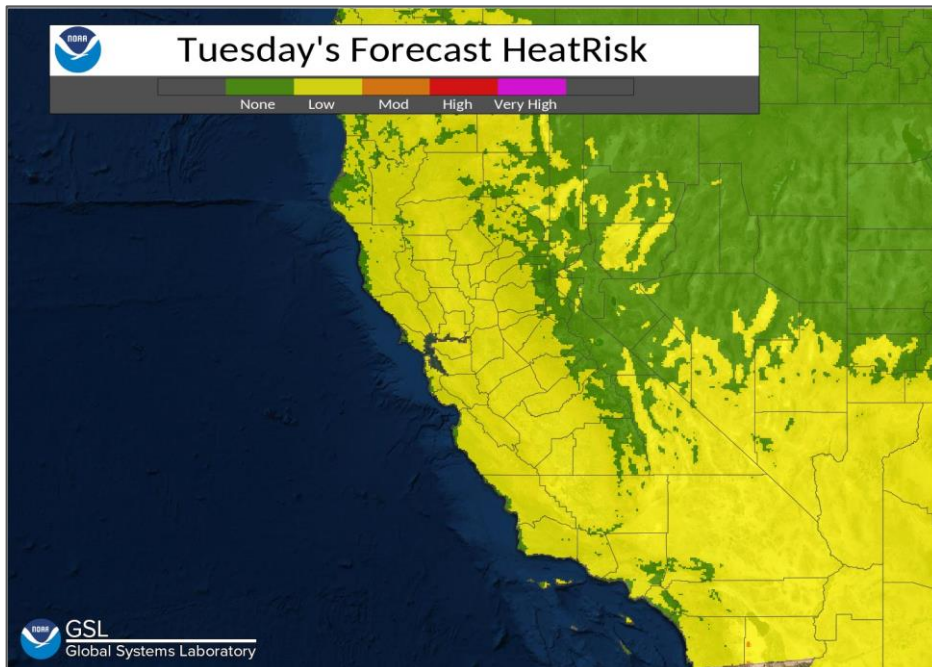

Monday's Forecast HeatRisk

None Low Mod High Very High

Tuesday's Forecast HeatRisk

None Low Mod High Very High

Green Level 0 No Elevated Risk

Yellow Level 1 Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration

Orange Level 2 Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

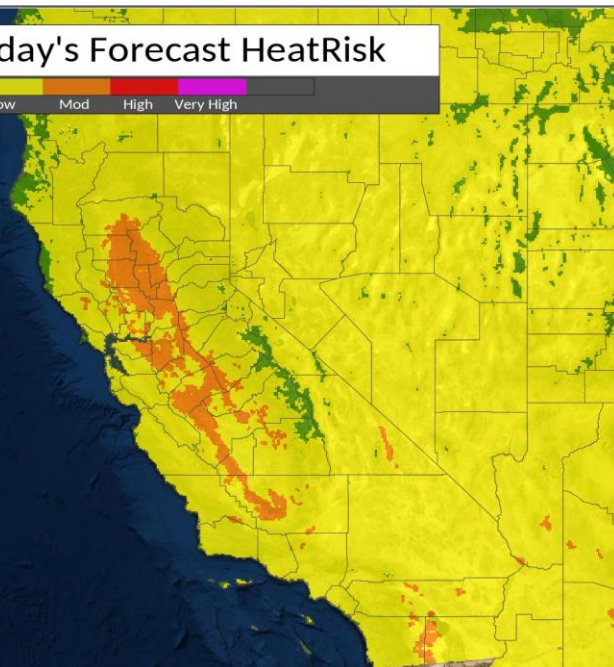

Red Level 3 High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration

Magenta Level 4 Very High Risk for the entire population due to long duration heat, with little to no relief overnight

Wednesday's Forecast HeatRisk

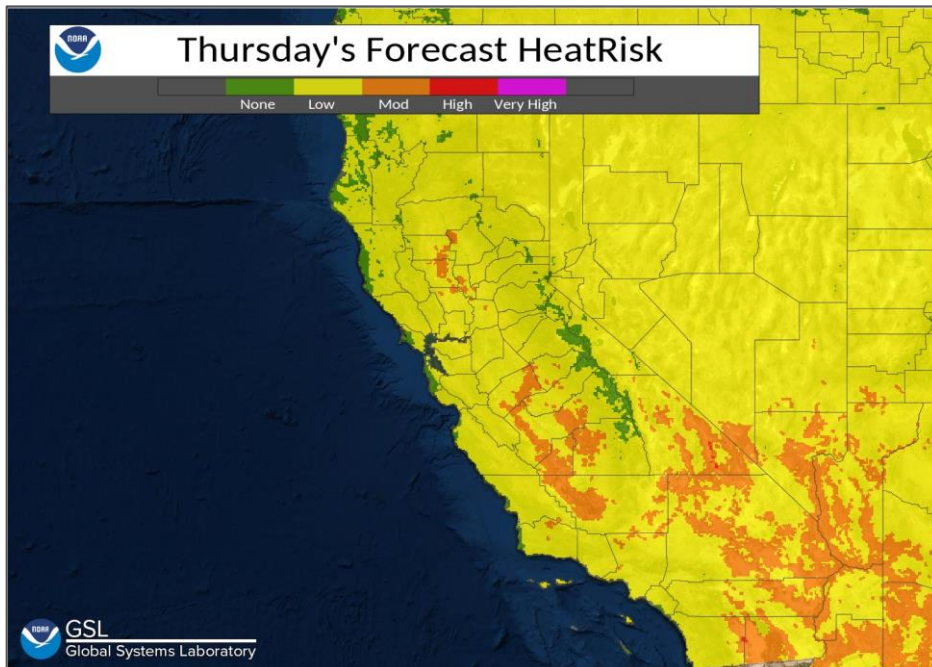

None Low Mod High Very High

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Monday, May 30

## **6-10 Day Outlook (June 4 - June 8)**

### **Temperatures**

- Near normal temperatures are favored across much of the state, except above normal temperatures favored along the central and southern coast

### **Precipitation**

- Above normal precipitation is favored for the northern half of California, with near normal precipitation favored for the southern half of the state

## **8-14 Day Outlook (June 6 – June 12)**

### **Temperatures**

- Above normal temperatures are favored much of the state, with near normal precipitation favored across far northern California

### **Precipitation**

- Above normal precipitation is slightly favored for northern California, with near normal precipitation favored for much of the remainder of the state. Below normal precipitation is favored for the central and southern Sierras.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

**2022-LAW-78732, 05/29/22 at 1300 hours,** IERCC contacted the LDO regarding a Garmin InReach activation at the coordinates: Latitude: 35.589105 / Longitude: -117.500711, which plots near Wagon Wheel OHV in San Bernardino County. IERCC related that a 22 year old male dirt bike rider was at an off road racing event and suffered a spinal injury. Event organizers did not dispatch through Law or Fire, as it was a planned event, therefore medical aid was directly dispatched with the hospital. A Helo was dispatched to transport the accident victim directly to the hospital. **Mission Closed.**

**2022-LAW-78738, 5/29/22 at 1352 hours,** IERCC contacted the LDO regarding a Garmin InReach activation at the coordinates: Latitude: 40.065025 / Longitude: -124.079676, which plots to a beach north of Shelter Cove in Humboldt County. IERCC reported persons in the water caught in a rip tide. Bureau of Land Management was the registered owner of the Garmin device and reported they contacted the USCG for rescue. LDO contacted USCG dispatch who were responding to the incident with a Helo and a rescue boat. **At 1448 hours,** USCG related that Shelter Cove Fire had rescued the 2 individuals from the water and were being transported to the local airport for transport by USCG Helo to a hospital. **Mission Closed.**

**2022-LAW-78744, 5/29/22 at 1649 hours,** IERCC contacted the LDO regarding a Garmin InReach activation at the coordinates Latitude: 36.830420 / Longitude: -118.491540, which plots to Mt. Gardner Basin in Kings Canyon National Park in Fresno County. IERCC related that 2 hikers have been lost for 6 hours and cannot find the trail. The hikers have enough supplies and equipment. LDO contacted Kings National Park Dispatch and they are working the SAR for the 2 hikers, but do not require any assistance at this time. **At 1900 hours,** NPS Rangers were in communication with the 2 hikers and guided them to within 800 yards of the trail. The hikers will attempt to make it out on their own in the morning. **Mission Ongoing.**

**2022-LAW-78750, 5/29/22 at 2221 hours,** Tulare Sheriff Department, notified the LDO of a hiker on the Pacific Coast Trail traveling from Mexico through California is in distress and needs rescue. The hiker is an adult female 56 yr. old who is dehydrated, not eating and has given up completing the entire hike from Mexico to Canada. The hiker is located on the PCT, at the coordinates 36.4558 -118.2254, SE of Mt Whitney, Tulare / Inyo Co Line. Tulare Sheriff has contacted USN Lemoore who will accept the Helo rescue mission. The hiker used her Garmin device to communicate with her husband who contacted Inyo Sheriff, but was referred to Tulare Sheriff due to the location. **At 0210 hours,** hiker was transported by NAS Lemoore to Inyo/Kern Airport and did not require any medical aid. **Mission Closed.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 05/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

# *Cal* OES
